Join us to visit a land conservation success story made possible by the Department of Energy & Environmental Protection's [Open Space & Watershed Land Acquisition Program](#) (OSWA) - funded by the [Community Investment Act](#) - and other local investments. Hawk Hill houses a CSA program featuring Scottish Highland Cattle and abuts LaSalette Park with views of the Hartford skyline.

Enjoy a short walk to view the cattle and skyline, and meet with State legislators, other elected officials, land trust representatives, and community leaders to discuss your state, regional, and local conservation priorities. The event is bipartisan, free, and open to land trust members and others who are interested. RSVP to communications@wintonburylandtrust.org.

CLCC advocates for land conservation, stewardship and funding, and works to ensure the long-term strength and viability of the land conservation community statewide.
