

Regional Conservation Conversations

Join us to celebrate OSWA grant program success stories!

Northwestern Connecticut - Morris

Tuesday, July 24, 2018

3:00 - 5:00 pm

Hosted by [Litchfield Hills Greenprint Collaborative](#)

Featuring Farnham Farm

protected by the [Connecticut Farmland Trust](#) and [Morris Land Trust](#)

Join us to visit a land conservation success story made possible by the Department of Energy & Environmental Protection's [Open Space & Watershed Land Acquisition Program](#) (OSWA) - funded by the [Community Investment Act](#) - and other local investments.

Meet with State legislators, other elected officials, land trust representatives, and community leaders to discuss your state, regional, and local conservation priorities. Then enjoy a short guided tour of the historic family farm nearby (inclement weather cancels).

The event is free and open to land trust members and others who are interested. Visit [here](#) for the complete Summer 2018 schedule. Contact Christopher Shepard at cshepard@ctconservation.org with questions.

The Connecticut Land Conservation Council advocates for land conservation, stewardship and funding, and works to ensure the long-term strength and viability of the land conservation community statewide.
