Join us to visit a land conservation success story made possible by the Department of Energy & Environmental Protection's [Open Space & Watershed Land Acquisition Program](#) (OSWA) - funded by the [Community Investment Act](#) - and other local investments. The Tri-Town Ridgeline Forest is filled with scenic valleys, rocky outcrops, colonial farm ruins, and stream headwaters, and with neighboring protected lands it forms a 1,000-acre, unbroken forest.

Enjoy a walk exploring the site, and talk with State legislators, other elected officials, land trust representatives, and community leaders about our state, regional, and local conservation priorities. The event is bipartisan, free, and open to members and the public. Heavy rain cancels. No dogs, please. Trail-worthy footwear is recommended. RSVP [here](#).

CLCC advocates for land conservation, stewardship and funding, and works to ensure the long-term strength and viability of the land conservation community statewide.
